## MS-2500

# PLASTIC REPAIR SYSTEM

MADE IN  
**USA**  
Professional  
Quality

Motor Guard is pleased to introduce the newest addition to its comprehensive line of U.S. made automotive body repair tools; the Magna-Stitcher Plastic Repair System. The MS-2500 is a complete unit with all the power and accessories needed for structural repair of plastic components.

The MS-2500 features a powerful work light in the gun to illuminate out of the way areas and comes with an assortment of Magna-Stakes.

The Magna-Stitcher works by welding a rigid stainless steel stake into the surface of the plastic resulting in a permanent repair of the crack. The system can be used to repair bumpers, fascias, spoilers, headlamp and radiator brackets, interior and underbody components, wheel wells, panel mounting tabs and any thermoplastic part.

### Features:

- Three Power Levels for Rapid and Precise Staking
- High-Intensity Work Light to Illuminate Dark Areas
- 100/EA Magna-Stakes in S, M, V & W Shapes

Suggested End  
User Price:

# \$249.95
