MAGNA SANDING BLOCKS

EST. 1966

ORIGINAL SANDING BLOCKS

The original flexible sanding block features two different densities to achieve the ultimate in block sanding of curved or irregularly shaped surfaces. The Sanding Blocks have many different features and use options depending on the application need.

FLEXIBLE SANDING BLOCKS

The flexible sanding bars are for detail sanding applications. Constructed of a dense yet flexible compound that allows bending to suit body profiles while maintaining a firm and durable backing for highly effective sanding.

PRODUCT FAMILY

BIG SANDING BLOCKS

Power up hand sanding with these large, flexible blocks that feature multi-layered construction and radius edges to match contours. The Big Sanding Blocks have many different features and use options depending on the application need.

MINIATURE SANDING BLOCKS

These miniature sanding blocks are designed for fine detail sanding in tight spaces. Constructed of a specialty formulated compound, their ergonomic shapes allow for fine, fingertip sanding on a wide variety of profiles and body lines. Ear bar measures 3-1/2 inches in length.

HOT-BLOCKS Assortment

Our 4 Most Popular Sanding Blocks

HB-1

GRAB & GO

With a quality block for every application from fast blocking to color sanding, this offering will help reduce paint prep times and material consumption while increasing productivity. The ultimate Grab & Go solution, this eye-catching, popup is designed to turn heads and boost impulse sales. A must have for every Shop Technician.

Kit Contains: (2) HT-1 Block Busters, (3) SB-1 Soft Blocks, (2) RK-1 Rocker Blocks and (2) RL-1 Roller Blocks. See page 6 for features.

BLOCK BUSTER HT-1

Application: Fast Blocking, Filler, Dry Sanding
Size: 2-5/8" x 5-1/4"

SOFT BLOCK SB-1

Application: Wet & Dry Sanding, Color Sanding
Size: 2-5/8" x 5-1/4"

ROCKER BLOCK RK-1

Application: Wet & Dry Sanding, Filler Sanding, Color Sanding, Contour Sanding
Size: 2-3/4" x 6"

ROLLER BLOCK RL-1

Application: Wet Sanding, Fine Color Sanding, Contour Sanding
Size: 2-5/8" x 5-3/8"

Sold Separately

SOFT BACKER BLOCK BBS-1

Scuff

Application: Scuffing
Size: 4" x 6"

Supreme Scuff Pad

Motor Guard backer block is soft and flexible for scuffing areas not accessible to rigid blocks. Designed to evenly distribute pressure, imparting an even tooth over the entire panel in a single pass.

BIG BLOCK BGR-1

Blocking Bar

Application: Fast Blocking
Size: 1-1/2" x 11"

Rigid Sanding Block SUPER POPULAR!

Create the ultimate blocking bar by wrapping an abrasive sheet around this narrow, rigid block. Just the right width for power blocking in small areas, this block flexes slightly to follow contours.

ROCKER BLOCK RKH-1

Hook Face

Application: Rough Sanding to Final Finish
Size: 2-3/4" X 6"

Rocker Block Sanding Block with Hook Face

This unique block utilizes standard 6" Loop-Faced discs for all jobs from rough to final finish sanding. Exclusive radius edge wraps paper cleanly for even sanding. Multi-layer design eliminates transfer of finger marks. **Also Available:** RKL-1 (Loop Face)

The Ultimate Collection
Sanding Block Assortment of 8 Ultimate Blocks

With a quality block for every application from fast cutting to color sanding, AP-3 Motor Guard Ultimate Sanding Block Collection is the one-stop finishing solution. Reduce paint prep times and material consumption while increasing productivity. Eight of our most popular sanding blocks, one for every job.

Kit Contains: One of each below included in pop-up display box.

BLOCK BUSTER
HT-1

Application: Fast Blocking, Filler Sanding, Dry Sanding
The Holey Terror
This exclusive dual-sided block sands areas where ordinary hard blocks are not as effective. Unique blue hole side acts as a grater for 30% faster cutting while black side is for less aggressive blocking wet or dry. Back side provides a rigid and comfortable, easy to hold surface.
Also Available: HT-2 (2 pack)
Size: 2-5/8" x 5-1/4"

MEMORY BLOCK
MB-1

Application: Dry and Color Sanding
Contour Sanding Block
A unique sanding solution for difficult applications, the Memory Block features a firm vinyl side with extreme curving power for areas such as fender crowns and motorcycle tanks. The soft side features an exclusive memory foam that conforms to character lines and reduces pressure over nibs, louvers and other challenging features.
Size: 2-5/8" x 6-1/2"

ROCKER BLOCK
RK-1

Application: Wet & Dry Sanding, Filler Sanding, Color Sanding, Contour Sanding
Wrap it & Rock - 6" Disc Sanding Block
Uses standard 6" PSA discs for rough sanding to final finish. Radius edge wraps paper cleanly for even sanding. Multi-layer design eliminates transfer of finger marks. **Size:** 2-3/4" x 6"
Also Available: RKH-1 (6" Hook) RKL-1 (6" Loop) Faced Abrasive Discs Designed to reduce consumable costs and sanding contours quick. Sold separately.

ROLLER BLOCK
RL-1

Application: Wet Sanding, Fine Color Sanding, Contour Sanding
Wrap it & Roll - Wet Sanding Block
The special radius edges of the Roller Block lift the edges of the abrasive sheet to eliminate pressure points and sanding defects. This block utilizes standard 5-1/2" x 9" abrasive sheet folded into thirds. Specifically designed for wet sanding applications. Multi-layer design eliminates the transfer of finger marks.
Size: 2-5/8" x 5-3/8"

SOFT BLOCK
SB-1

Application: Wet & Dry Sanding, Color Sanding
Flexible Sanding Block
Motor Guard's original dual-sided sanding block. This unique sanding block utilizes two different densities to achieve the ultimate in block sanding of curved or irregular shaped surfaces. Dense side for aggressive blocking, soft side for fine color sanding.
Also Available: SB-3 (3 pack)
Size: 2-5/8" x 5-1/4"

WONDER BLOCK
WB-1

Application: Dry Sanding, Color Sanding, PSA Rolls or Sheets
Supreme Sanding Block
The Wonder Block is a rugged, ergonomically designed block for maximum gripping power over flat to slightly curved surfaces. Designed for all types of paper, this block flexes to conform to the panel shape. The flat semi-rigid surface is ideal for the toughest applications.
Size: 2-1/2" x 6-1/2"

BIG BLOCK BG6-1

Application: Dry Sanding, Filler Sanding, Blocking
Maximum Sanding Block (Standard)
Power-up hand sanding with this large block that features multi-layer construction and exclusive radius edges. Designed for use with 2-3/4" PSA rolls or standard sheets. For hand sanding over smaller areas. Ultra-flat face flexes slightly to conform to curved panels. **Size:** 2-5/8" x 6-1/2"

BIG BLOCK BG12-1

Application: Dry Sanding, Filler Sanding, Blocking
Maximum Sanding Block (Standard)
Power-up hand sanding with this large block that features multi-layer construction and exclusive radius edges. Designed for use with 2-3/4" PSA rolls or standard sheets. For two-handed power blocking on large panels. **Size:** 2-5/8" x 12"

Go Big

AP-4

The Big Block Assortment
Sanding Block Assortment of 6 Soft Big Blocks

The AP-4 Big Block line powers up hand sanding with a strong, comfortable grip. Three layers of engineered materials permit just the right degree of flexibility to ensure even pressure over the large, flat sanding surface. Exclusive radius edges add to the comfort of the block as well as providing a surface for contour sanding. Designed for use with 2-3/4" PSA rolls or standard abrasive sheets and two-handed sanding.

Kit Contains: One of each below included in pop-up display box.

BIG BLOCK
BG6-1

Application: Dry Sanding, Filler Sanding, Blocking
Maximum Sanding Block (Standard)
Power-up hand sanding with this large block that features multi-layer construction and exclusive radius edges. Designed for use with 2-3/4" PSA rolls or standard sheets. For hand sanding over smaller areas. Ultra-flat face flexes slightly to conform to curved panels.
Size: 2-5/8" x 6-1/2"

BIG BLOCK
BG12-1

Application: Dry Sanding, Filler Sanding, Blocking
Maximum Sanding Block (Standard)
Power-up hand sanding with this large block that features multi-layer construction and exclusive radius edges. Designed for use with 2-3/4" PSA rolls or standard sheets. For two-handed power blocking on large panels.
Size: 2-5/8" x 12"

BIG BLOCK
BGH6-1

Application: Fast Blocking, Filler Sanding, Dry Sanding
Hole Side Big Block
This one-of-a-kind big block features a hole side that acts like a grater for faster cutting. Smooth side for less aggressive blocking and radius edges match body contours. The soft center provides for a powerful finger grip. **Size:** 2-5/8" x 6-1/2"

BIG BLOCK
BGS6-1

Application: Wet & Dry Sanding, Color Sanding
Soft Side Big Block
A soft-sided big block for fine color sanding over large areas. Rigid inner layer prevents the transfer of finger marks to the finish and radius edges match body contours.
Size: 2-5/8" x 6-1/2"

BIG BLOCK
BGK6-1

Application: Dry Sanding, Filler Sanding, Blocking
Hook Face Big Block
All the power and features of the big block with a hook face for use with loop sided abrasive sheets. Quickly and cleanly change sheets for maximum productivity. Low profile hook for even sanding and no tooth marks.
Size: 2-5/8" x 6-1/2"

BIG BLOCK
BGK12-1

Application: Dry Sanding, Filler Sanding, Blocking
Hook Face Big Block
A hook faced big block in a longer length for two-handed sanding. No other hook and loop block flexes like the big block to conform to slightly curved panels. This allows for perfect finishing with no pressure points.
Size: 2-5/8" x 12"

Ultra Rigid

The Rigid Block Assortment

Sanding Block Assortment of 6 Rigid Big Blocks

The AP-5 Big Block Rigid line is engineered from super dense yet light weight materials, these blocks provide just the right amount of flex to conform to slight contours. Their super flat faces result in fast and flawless finishes on steel and aluminum body panels. Available in both Standard and Hook and Loop options. Reduce paint prep times while increasing productivity. Use with 2-3/4" rolls or full sheets with no waste.

Kit Contains: One of each below included in pop-up display box.

BIG BLOCK BGR6-1

Application: Aggressive Blocking, Filler Sanding

Rigid Block (Standard)

An extra-rigid block that flexes just enough to follow slightly curved surfaces. Comfort fit for high production blocking and other demanding applications.
Size: 2-5/8" x 5-1/2"

BIG BLOCK BGRK6-1

Application: Aggressive Blocking, Filler Sanding

Rigid Block (Hook Face)

An extra-rigid block that flexes just enough to follow slightly curved surfaces. Comfort fit for high production blocking and other demanding applications.
Size: 2-5/8" x 5-1/2"

BIG BLOCK BGR12-1

Application: Aggressive Blocking, Filler Sanding

Rigid Block (Standard)

For aggressive two-handed blocking that is unequaled. Super flat face flexes just enough to follow slightly curved surfaces.
Size: 2-5/8" x 11"

BIG BLOCK BGRK12-1

Application: Aggressive Blocking, Filler Sanding

Rigid Block (Hook Face)

For aggressive two-handed blocking that is unequaled. Super flat face flexes just enough to follow slightly curved surfaces.
Size: 2-5/8" x 11"

BIG BLOCK BGR16-1

Application: Dry Sanding, Filler Sanding, Blocking

Rigid Block (Standard)

Power block the largest panels with speed. Users of this block report maximum material removal in minimal time.
Size: 2-5/8" x 16"

BIG BLOCK BGRK16-1

Application: Dry Sanding, Filler Sanding, Blocking

Rigid Block (Hook Face)

Power block the largest panels with speed. Users of this block report maximum material removal in minimal time.
Size: 2-5/8" x 16"

Ultra Flex

Size: 1-7/16" x 3/4" x 11"

Application: Detail Sanding
